## FREQUENTLY ASKED QUESTIONS

### What does Slenderiix do?

As a hormone-free and pharmacopeia-approved product, Slenderiix is designed to assist in the release of visceral fat and subcutaneous fat, curb hunger and appetite, assist weight management, support digestive health, and aid your body's endurance and stamina.

### What does Xceler8 do?

Xceler8 is a patented combination of methylcobalamin (vitamin B12), biotin (vitamin H) and a blend of adaptogenic herbs. In the proper ratios, this composite increases metabolic rate, enhances energy levels and stabilizes mood. Based on scientific evidence, this unique combination of homeopathic remedies, when coupled with vitamin B12 drops, controls appetite and increases metabolic rate, which is the amount of energy the body uses in a certain time period. When the metabolic rate increases, the number of calories that the body burns for energy also increases.

### What is the recommended dosage of Slenderiix and Xceler8?

**Slenderiix:** Place 0.7 ml (approximately 15 drops) under the tongue for 10 seconds, then swallow. Do not eat or drink for 10 minutes before or after taking Slenderiix.

**Xceler8:** Take 1 ml 2 times daily, 10 minutes after taking Slenderiix drops with breakfast and lunch. Meal can be eaten immediately following Xceler8.

### Can I keep using Slenderiix and Xceler8 once I've lost the weight?

Each person is different. While some achieve the results of their dreams in just one round of the Slenderiiz Program, others like to stay on the drops to help maintain their weight loss. It is completely up to you. If you feel the drops are helping even after you've hit your target weight, you can continue using them.

### Can I still drink coffee and drinks containing caffeine while using Slenderiix and Xceler8?

Sure! The drops contain only a small amount of caffeine, roughly the equivalent of a quarter-cup of coffee.

### Can I take Slenderiix and Xceler8 if I am allergic to one of the ingredients or am taking medication?

Always consult a healthcare physician prior to beginning any new weight loss program or dietary supplement if you have allergies or are taking medication.

### Can I take Slenderiix and Xceler8 if I am pregnant or breastfeeding or have a medical condition?

Always consult a healthcare physician before beginning any new weight loss program or dietary supplement while pregnant or breastfeeding or if you have a medical condition.

THE SLENDERIZ

SHAKE IT OFF

PureNourish™, Power Boost™ and Beauty Boost™ are packed with key vitamins and nutrients that are essential to supporting weight loss. When added to your daily regimen, they can reduce your calorie intake while providing vital protein and nutrients to aid your full-spectrum transformation.

*These results are not typical. The Slenderiz Program helps you take in fewer calories than you burn via calorie-restricted eating, healthier food choices and increased physical activity. You can expect to lose up to 12 to 15 pounds in a month depending on a number of factors.*

### ALLERGEN-FREE

Unlike most shake products, PureNourish and the Boosts are entirely free of soy, preservatives, dairy, genetically modified organisms and wheat.

### NUTRIENT-DENSE

When your only focus is cutting calories, you simultaneously cut out lots of key nutrients. PureNourish and the Boosts are more nutrient dense, per calorie, than similar products and have no empty sugars, reducing caloric intake without sacrificing daily dietary requirements.

### POSITIVELY BALANCED

When not adequately supported by the right blend of nutrients, low-calorie diets can cause fatigue, muscle loss and damage to your hair, skin and nails. The synergistic fusion of PureNourish combined with the Boosts allows you to achieve your weight loss transformation goals without any negative side effects.

# PureNourish™

## HIGH PROTEIN, PURE NUTRITION

PureNourish is a dietary supplement designed to enhance digestion and optimize nutrient absorption. Each serving combines 14 essential vitamins and minerals with high-quality protein, natural enzymes and 28% of your daily recommended fiber in a satisfying supplement shake. Using pea protein, rather than animal-sourced protein, enhances digestion and aids optimal nutrient absorption.

## RECOMMENDED USAGE

Mix two scoops of PureNourish with your choice of Beauty Boost or Power Boost and 8 oz. of cold water. Shake vigorously to blend. For a creamier shake, use almond or coconut milk.

## FREQUENTLY ASKED QUESTIONS

### What does Giving Greens do?

Giving Greens is a whole-food veggie, sprouted-seed nutrition, enzyme-rich superfruit blend that provides your body with vital nutrients to boost immunity, support cardiovascular health, fight free radicals and aid digestion.

- 2 lbs. of veggies in every serving!
- Supports cardiovascular health
- Fights free radicals
- Aids digestion
- Boosts immunity
- Only 15 calories per serving

### What is the recommended dosage of Giving Greens?

Add two scoops to 8 oz. water, blend and enjoy once per day.

### What are the key ingredients in Giving Greens?

A rich base of spinach, alfalfa and whole-plant, cracked-cell chlorella vulgaris provides vital phytonutrients, vitamins and minerals for optimum nutrition. Fresh sprouts from broccoli, amaranth and millet are harvested at their peak to ensure maximum benefits, providing all nine essential amino acids. Superfruits goji berry, blueberry and acerola combine with cinnamon to provide a naturally sweet flavor while giving you a happy antioxidant boost. And five highly active digestive enzymes help your body unlock all of the nutritive value within.

### What is cracked-cell chlorella vulgaris?

Chlorella vulgaris is a type of single-cell algae that grows in freshwater and is considered by many to be a superfood. Chlorella's cell wall is thick and rigid, making it hard to break down and digest. The solution is to break, or crack, the cell wall before ingestion, making it more "bioavailable" so that all the nutrients are readily available to be absorbed into your body.

### What is sprouted seed nutrition?

When sprouts are harvested at the peak of the sprouting process, nutrition levels are maximized and healthy compounds are unlocked. Broccoli sprouts pack 10-100 times more sulforaphane, shown to promote detoxification and strengthen antioxidant power; amaranth sprouts

are high in fiber and the essential amino acid lysine, plus as much as 12-17 percent protein; and millet sprouts are among the leading heart-healthy ingredients.

### What are digestive enzymes?

Digestive enzymes help your body properly and efficiently break down food, so that you receive all of the nutrients from it. Our premium enzyme blend includes highly active digestive enzymes that help your body unlock Giving Greens' nutritive goodness.

### Can Giving Greens help me lose weight?

Giving Greens is a healthy and satisfying shake that can help you get the nutrition your body needs without added fats and sugars. With just 15 calories per serving, simply mix in water or blend in a smoothie and you've got the perfect companion to your weight management plan!

### Is Giving Greens sensitive to heat?

Giving Greens can be enjoyed cold or hot — as long as the temperature is no hotter than hot tap water, not to exceed 115°F (45°C).

### How should I store Giving Greens?

Store in its sealed pouch in a cool, dry location.

### What can I mix Giving Greens with?

Mix Giving Greens with water or your favorite nut milk. For a creamier shake and an added boost of protein, mix with PureNourish™.

### Can I take Giving Greens if I am allergic to one of the ingredients or am taking medication?

Always consult a healthcare physician prior to beginning any new weight loss program or dietary supplement if you have allergies or are taking medication.

### Can I take Giving Greens if I am pregnant or breastfeeding or have a medical condition?

Always consult a healthcare physician before beginning any new weight loss program or dietary supplement while pregnant or breastfeeding or if you have a medical condition.
